Developments In ICP-MS Electrochemically Modulated Liquid Chromatography For The Clean-up Of ICP-MS Blanks And Reduction Of Matrix Effects By Flow Injection ICP-MS

Author : / **Category :**Uncategorized / **Total Pages** : 83 pages

Summary : Free developments in icp-ms electrochemically modulated liquid chromatography for the clean-up of icp-ms blanks and reduction of matrix effects by flow injection icp-ms pdf download - the focus of this dissertation is the development of techniques with which to enhance the existing abilities of inductively coupled plasma mass spectrometry icp-ms icp-ms is a powerful technique for trace metal analysis in samples of many types but like any technique has certain strengths and weakness attempts are made to improve upon those strengths and to overcome certain weaknesses
