

Operations and Algebraic Thinking

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Fun with Factor Pairs!**

A factor is a number that divides exactly into another number.  
 Factor pairs are two numbers multiplied together to get one number.  
 Factor pairs of 12 would be 12 and 1, 6 and 2, and 4 and 3.

Directions: Write all the factor pairs for the following numbers in the boxes.

1 30	2 24
3 16	4 42
5 88	6 50
7 66	8 72

# PDF OPERATIONS AND ALGEBRAIC THINKING WORD PROBLEMS PRACTICE

**grade 1 lesson plan: 1.0a.a.1, operations & algebraic ...** - ... operations & algebraic thinking ... use addition and subtraction within 20 to solve word problems. ... it is critical that the standards for mathematical practice ...

**grade 4 - newark public schools** - grade 4 operations and algebraic thinking ... problems? operations and algebraic thinking 4 ... practice students. solve multistep word problems posed ...

**operations and algebraic thinking: addition and ...** - operations and algebraic thinking: ... addition and subtraction situational word problems. ... ccss for mathematical practice can be determined in relationship ...

**unit 1: operations and algebraic thinking (grade 2)** - unit 1: operations and algebraic thinking (grade 2) content area: mathematics course(s): generic course time period: 1 marking period length: 12 weeks

**unit 1: operations and algebraic thinking - continental press** - unit 1: operations and algebraic thinking 9 ... independent practice solve the following problems. 1 a gardener is making a plan for a rectangular garden.

**grade 4 - newark public schools** - grade 4 operations and algebraic thinking ... operations to solve word problems. ... guided practice homework

**mathematics: operations and algebraic thinking** - mathematics: operations and algebraic thinking. cluster heading: represent and solve problems involving addition and subtraction. content standard: use addition and ...

**operations & algebraic thinking - kids at the core** - operations & algebraic thinking ... 1.0a.a.2 solve word problems that call for ... standards for mathematical practice numbers and operations in base ten ...

**domain: operations and algebraic thinking** - standards for mathematical practice (mp) to be emphasized: ... write different word problems involving 44 ... operations and algebraic thinking (oa) cluster: ...

**domain: operations and algebraic thinking grade: 1** - domain: operations and algebraic thinking grade: 1 code: 1.0a.1 ... practice and solve the word problems independently using drawings, objects and equations.

**unit 1: operations and algebraic thinking** - unit 1: operations and algebraic thinking ... solve problems, and apply properties of operations and the ... • solve word problems involving ...

**algebraic reasoning for teaching mathematics** - \algebraic reasoning for teaching mathematics" ... whereas arithmetic deals with numbers and operations, ... focusing on how real-life problems lead to algebraic ...

**operations and algebraic thinking: multiplication and ...** - operations and algebraic thinking: multiplication and division ... the operations and algebraic thinking survey for ... situational word problems, ...

**lee county schools math pacing guide first grade/math ...** - first grade/math – operations and algebraic thinking. ... 1.1 al cos use addition and subtraction within 20 to solve word problems involving ... practice standards ...

**mathematics: operations and algebraic thinking** - ... operations and algebraic thinking. ... use multiplication and division within 100 to solve word problems in situations involving equal ... practice standards: ...

**third grade operations and algebraic thinking: patterns in ...** - operations and algebraic thinking: patterns in addition and multiplication mathematics. ... operations and algebraic thinking

**unit 1: operations and algebraic thinking - continental press** - unit 1: operations and algebraic thinking 9 ... to solve word problems with fractions, ... independent practice

**operations & algebraic thinking numbers & operations in ...** - operations & algebraic thinking numbers & operations in base ten number & operations--fractions ... mathematical practice(s) ... solve word problems by finding ...

**math core curriculum fifth grade operations and algebraic thinking ...** - math core curriculum/fifth grade/overview ... operations and algebraic thinking ... solve word problems involving division of whole numbers ...

**word problems rounding to ten** - word problems rounding to ten ... 4 operations algebraic thinking common core pdf | ... rounding whole numbers 3 large numbers in practice, ...

**cluster: operations and algebraic thinking use addition ...** - operations and algebraic thinking ... using these, and other similar problems, will provide practice with each type of thinking required for second graders.

**cluster: level: use the four operations with whole numbers ...** - operations and algebraic thinking –grade ... use the four operations with whole numbers to solve problems. ... use the four operations with whole numbers to solve ...

**grade 1 operations & algebraic thinking** - operations & algebraic thinking ... use addition and subtraction within 20 to solve word problems involving ... student sheets and practice pages at the end of ...

**domain: operations and algebraic thinking grade: 1** - domain: operations and algebraic thinking grade: 1 code: 1.oa.2 core content ... students to practice and solve the word problems independently using

**operations and algebraic thinking - pbs kids** - operations and algebraic thinking ... k.oa.a.2 solve addition and subtraction word problems, ... advocate and practice safe, ...

**apple farm word problems - inside mathematics** - apple farm field trip ... operations and algebraic thinking ... or would keeping one of the problems intact have been more powerful?

**operations & algebraic thinking - kids at the core** - operations & algebraic thinking ... word problems using the four ... standards for mathematical practice number & operations: fractions ...

**grade 4 mathematics, quarter 2, unit 2.1 operations and ...** - common core standards for mathematical practice 1 make sense of problems and persevere in solving them. ... unit 2.1 operations and algebraic thinking in problem ...

**grade 3 operations & algebraic thinking** - operations & algebraic thinking ... sessions 3&4 more practice w/ multiples p.28-31, ... use multiplication and division within 100 to solve word problems in ...

**primary math: operations and algebraic thinking: represent ...** - ... operations and algebraic thinking: represent and solve problems: students: represent word problems: ... represents a word problem with an equation ...

**grade 1 chapter 1 operations and algebraic thinking ...** - ... operations and algebraic thinking approximate time ... within 20 to solve word problems involving ... 1 operations and algebraic thinking

**operations and algebraic thinking represent and solve ...** - operations and algebraic thinking represent and solve problems involving addition ... understand and apply properties of operations and the relationship between ...

**4th grade math operations and algebraic thinking (oa) 4 ...** - operations and algebraic thinking ... multiply or divide to solve word problems involving multiplicative comparison, ... practice examining the ...

**third grade operations and algebraic thinking: the ...** - operations and algebraic thinking: ... the relationship between multiplication and ... standards for mathematical practice 1. make sense of problems and persevere in ...

**amy have? operations & algebraic thinking** - 5 practice problems # of rows # of columns possibility 1 possibility 2 ... operations & algebraic thinking 3.oa.3 - #3 name: \_\_\_\_\_ !!!! date ...
