

HOW TO USE THIS BOOK

180 Days of Math for First Grade offers teachers and parents a full page of daily mathematics practice activities for each day of the school year.

Easy to Use and Standards-Based

These activities reinforce grade-level skills across a variety of mathematical concepts. The questions are provided as a full practice page, making them easy to prepare and implement as part of a classroom morning routine, at the beginning of each mathematics lesson, or as homework.

Every first-grade practice page provides 8 questions, each tied to a specific mathematical concept, allowing them to build confidence through these quick standards-based activities.

Question	Mathematics Concept	NCTM Standards
1	Number Sense	Understands numbers, ways of representing numbers, relationships among numbers, and number systems
2	Addition	Understands meanings of operations and how they relate to one another. Compares fluently and makes reasonable estimates. Develops and uses strategies for whole number computation, with a focus on addition and subtraction.
3	Subtraction	
4	Algebraic Thinking	Understands patterns, relations, and functions. Models situations that involve the addition and subtraction of whole numbers, using objects, pictures, and symbols.
5	Geometry	Analyzes characteristics and properties of two-dimensional and three-dimensional geometric shapes and develops mathematical arguments about geometric relationships. Describes attributes and parts of two- and three-dimensional shapes.
6	Measurement	Understands measurable attributes of objects and the units, systems, and processes of measurement. Recognizes the attributes of length, volume, weight, area, and time.
7	Data Analysis	Formulates questions that can be addressed with data and collects, organizes, and displays relevant data to answer them.
8	Word Problems/Logic Problems or Mathematical Reasoning	Builds new mathematical knowledge through problem solving, solves problems that arise in mathematics and in other contexts.

Standards are listed with the permission of the National Council of Teachers of Mathematics (NCTM). NCTM does not endorse the content or validity of these alignments.

Daily Math Practice For First Grade Week 15

Author : Jodene Smith / **Category :** Uncategorized / **Total Pages :** 8 pages

[Download Daily Math Practice For First Grade Week 15 PDF](#)

Summary : Free daily math practice for first grade week 15 pdf download - this week of practice pages build first graders mathematical fluency each problem is tied to a specific mathematical concept daily practice through these quick activities will help your young mathematicians great formative assessment tool

Publisher : Teacher Created Materials on 2014-01-01 / **ISBN :** 9781480763098
