

# Generative And Transformational Techniques In Software Engineering IV

**Author :** Ralf Lämmel, João Saraiva, Joost Visser / **Category :** Computers / **Total Pages :** 449 pages

 [Download Generative And Transformational Techniques In Software Engineering IV PDF](#)

**Summary :** Free generative and transformational techniques in software engineering iv pdf download - this tutorial volume includes revised and extended lecture notes of six long tutorials, five short tutorials, and one peer-reviewed participant contribution held at the 4th international summer school on generative and transformational techniques in software engineering gttse 2011. The school presents the state of the art in software language engineering and generative and transformational techniques in software engineering with coverage of foundations, methods, tools, and case studies.

**Publisher :** Springer on 2013-01-03 / **ISBN :** 9783642359927
