"Together Köstenberger, Bock, and Chatraw put up a rigorous rebuttal of celebrity skeptic Bart Ehrman of the University of North Carolina at Chapel Hill. Ehrman has made many extravagant claims about Scripture as textually corrupted, fraught with contradictions, partly forged, and unable to provide meaningful answers to the question of human suffering. In response, these authors take up Ehrman's challenge and show that, on closer reflection, Ehrman is telling a very selective and skewed story. Truth matters, and this trio of authors succeed in showing that the truth of the Christian faith can stand up to the most arduous of critics. A great resource for sobering up people who are drunk on new wine from Chapel Hill!"

—Michael F. Bird, *Lecturer in Theology, Ridley Melbourne Mission and Ministry College, Australia*

"Disturbed by the numerous attacks on the historic Christian faith by Bart Ehrman's revisionist writings? This wonderful book offers a one-stop-shopping refutation of virtually all of them. Never heard of Ehrman but concerned about how the Bible originated, how faithfully it was copied, if it is full of contradictions, how to respond to the problem of evil and related questions? Köstenberger, Bock, and Chatraw demolish the main contentions of skepticism in each of the areas they address—essential reading!"

—Craig L. Blomberg, *distinguished professor of New Testament, Denver Seminary*

"I can't stress how needed *Truth in a Culture of Doubt* is. It hits the bulls-eye by targeting the exact questions so many people are asking today. I'm so thankful for trusted, scholarly, but very practical responses to these critical questions. I hope as many people read this book as possible, as so much is at stake. What a wonderful resource for the church!"

—Dan Kimball, *pastor, Vintage Faith Church, Santa Cruz, California*

"Over the last number of years, Bart Ehrman has proven to be one of Christianity's most persistent critics. In book after book, he has challenged Christianity's most cherished beliefs about Jesus and the reliability of the New Testament. I am so thankful that we now have this excellent full-length response to his claims. Köstenberger, Bock, and Chatraw dismantle the attacks of Ehrman one by one, showing not only that the New Testament is historically reliable but also that its teachings are coherent and consistent. In our current cultural climate of doubt and skepticism, this volume is a must read for every Christian."

—Michael J. Kruger, *president and professor of New Testament, Reformed Theological Seminary, Charlotte, North Carolina*

"Jesus said, while praying to the Father, 'Your word is truth' (John 17:17). Many are skeptical about this claim, and one of the most famous skeptics is Bart Ehrman. The authors of this useful and accessible book demonstrate that belief in the Scriptures does not represent the sacrifice of one's intellect. Many will be strengthened in their faith and encouraged in reading this work."

—Thomas B. Schreiner, *James Buchanan Harrison Professor of New Testament Interpretation, The Southern Baptist Theological Seminary*
