Summary : Free a history of the supreme court pdf download - when the first supreme court convened in 1790 it was so ill-esteemed that its justices frequently resigned in favor of other pursuits john rutledge stepped down as associate justice to become a state judge in south carolina john jay resigned as chief justice to run for governor of new york and alexander hamilton declined to replace jay pursuing a private law practice instead as bernard schwartz shows in this landmark history the supreme court has indeed travelled a long and interesting journey to its current preeminent place in american life in a history of the supreme court schwartz provides the finest most comprehensive one-volume narrative ever published of our highest court with impeccable scholarship and a clear engaging style he tells the story of the justices and their jurisprudence--and the influence the court has had on american politics and society with a keen ability to explain complex legal issues for the nonspecialist he takes us through both the great and the undistinguished courts of our nation s history he provides insight into our foremost justices such as john marshall who established judicial review in marbury v madison an outstanding display of political calculation as well as fine jurisprudence roger taney whose legacy has been overshadowed by dred scott v sanford oliver wendell holmes louis brandeis benjamin cardozo and others he draws on evidence such as personal letters and interviews to show how the court has worked weaving narrative details into deft discussions of the developments in constitutional law schwartz also examines the operations of the court until 1935 it met in a small room under the senate--so cramped that the judges had to put on their robes in full view of the spectators but when the new building was finally opened one justice called it almost bombastically pretentious and another asked what are we supposed to do ride in on nine elephants he includes fascinating asides on the debate in the first court for instance over the use of english-style wigs and gowns the decision gowns no wigs and on the day oliver wendell holmes announced his resignation--the same day that earl warren as a california district attorney argued his first case before the court the author brings the story right up to the present day offering balanced analyses of the pivotal warren court and the rehnquist court through 1992 including of course the arrival of clarence thomas in addition he includes four special chapters on watershed cases dred scott v sanford

lochner v new york brown v board of education and roe v wade schwartz not only analyzes the impact of each of these epoch-making cases he takes us behind the scenes drawing on all available evidence to show how the justices debated the cases and how they settled on their opinions bernard schwartz is one of the most highly regarded scholars of the supreme court author of dozens of books on the law and winner of the american bar association s silver gavel award in this remarkable account he provides the definitive one-volume account of our nation s highest court

Publisher : Oxford University Press on 1995-02-23 / **ISBN :** 0199840555
