Summary : Free poems about art science love life pdf download - these poems came out of the love dr yadusky has for his wife margaret and his children the will to create and the will to love are one poems make love visible and by doing so they uplift and heal because in the presence of love everything is healed poetry at its essence depicts a spiritual world because the mind seeks truth the heart seeks love and the spirit seeks goodness and god poems awaken something in the reader s heart that is beyond knowledge we can define poetic creation in the same way that we define art itself namely spirit expressed into matter poets say tangibly what they feel intangibly to give finite form to the infinite when dr yadusky depicts this creative spirit of love he shows us the face of god
