Summary : Free what s wrong with us u s u pdf download - we don t ponder anymore there is no time we have our day mapped out on the blackberry and we cannot deviate or the whole schedule will go to hell in a hand basket we need to ponder ponder why your congressman and senator is an elitist that you cannot get to talk to unless it is election time and he wants to talk to you and all your friends ponder why the congressman and senator are your employee and you cannot get to see or talk to them i have pondered these and many other things and have concluded that one person cannot solve the problems of our society and our world the solution lies within the grasp of the populace the populace can solve a problem simply by recognizing that it is a problem once it is recognized the search will begin many will come forth with potential solutions the populace will decide which solution is best the best solutions will be determined by common sense i have tried to make common sense a part of my life i think that many people have relied on others to make decisions for them it hasn t worked out too well in my opinion and i think it is time that we began to look at our problems and demand solutions from ourselves and others politicians and the media are failing us and we are mistaken to relinquish the power of decision to them i hope that you will enjoy this book and that you will ponder the meaning of my writing
