Partial Evaluation And Automatic Program Generation

Author : Neil D Jones Carsten K Gomard Peter Sestoft /
Category : Computers / **Total Pages** : 415 pages

Download Partial Evaluation And Automatic Program Generation PDF

Summary : Free partial evaluation and automatic program generation pdf download - explores the principles of automatic partial evaluation provides simple and complete algorithms and demonstrates via examples that specialization can increase efficiency covers partial evaluation of programming languages from c and prolog to scheme and the lambda calculus for researchers programmers and students in advanvced programming languages

Pusblisher : Peter Sestoft on 1993 / **ISBN :** 9780130202499

PDF PARTIAL EVALUATION AND AUTOMATIC PROGRAM GENERATION

partial evaluation and automatic program generation - itu - automatic program generation neil d. ... aluation = program sp ecialization 1 1.2 wh y do partial ev aluation? 5 1.3 ... artial evaluation, a program optimization tec

partial evaluation - universiteit utrecht - partial evaluation and automatic program generation ist program transformation 2. ... partial evaluator (mix)

realistic compilation by partial evaluation - researchgate - partial evaluation is an automatic program ... that realistic compiler generation by partial evaluation ... the subject program applied to the full input. partial ...

the essence of program transformation by partial ... - the essence of program transformation by partial evaluation and ... such automatic program speedups ... of code generation. de?nition1. an abstract program is a ...

speeding up outline back propagation by partial evaluation - speeding up back propagation by partial evaluation henrik friborg jacobsen i , carsten krogh gomard2, peter sestoft3 abstract we automatically specialize a general ...

automatic generation and checking of program specifications - automatic generation of program specifications ... • evaluation: accuracy experiment ... • generate and check partial specifications

automatic factual question generation from text - automatic factual question generation from text michael heilman ... submitted in partial ful?llment of the requirements ... 4.3.2 evaluation ...

automatic program specialization for interactive media - automatic program specialization for interactive ... compiler generation, partial evaluation, ... time code generation. the idea is to use automatic specialization to ...

partial evaluation for haskell - citeseerxtu - partial evaluation for haskell ... from a program optimisation point of view partial ... partial evaluation and automatic program generation.

automatic generation of program speci?cations - automatic generation of program speci?cations ... speci?cations are partial: ... ing it as a template for automatic test case generation might add

generating a pattern matching compiler by partial evaluation - partial evaluation can be used for automatic ... 1.1 compiler generation one ?eld in which partial evaluation have ... not only one evaluation of a program, ...

design of syntactic program transformations by abstract ... - design of syntactic program transformations by abstract interpretation of ... partial evaluation and automatic program generation ... to partial evaluation ...

automated feedback generation for introductory programming ... - automated feedback generation for introductory programming assignments ... automatic programming; ... peer evaluation techniques ...

spin - an extensible microkernel for application-specific ... - for application-specific operating system services ... generation of resource ... c., and sestoft, p. partial evaluation and automatic program ...

the automatic generation and testing of signal recognition ... - the automatic generation and testing of signal recognition algorithms ... 4.4.1 random program generation ...

dynamic specialisation of xc6200 fpgas by partial evaluation - dynamic specialisation of xc6200 fpgas by partial evaluation ... with the generation of ... sestoft, partial eval-uation and automatic program ...

automatic generation and checking of program speci?cations - automatic generation and checking of program ... 1.3.3 weak formalisms and partial solutions are useful . . . 5 ... 6.2.3 evaluation ...

programs as data objects - diku - programs as data objects ... • partial evaluation and automatic compiler generation ... partial evaluation, which is a form of program specialization.

fast partial evaluation of pattern matching in strings - fast partial evaluation of pattern matching in strings mads sig ager, olivier danvy, and henning korsholm rohde brics∗ department of computer science

an action analysis for combining partial evaluation - keywords partial evaluation, program static analysis, ... ing partial evaluation has been applied to automatic generation of incremental computation,

overview, f# programming, abstract syntax - itu - – partial evaluation, binding-times, automatic program ... • vise hvordan et program både kan anskues som ... • evaluation is a function from ...

jpet: an automatic test-case generator for java - ... an automatic test-case ... generation of certain useless ... m. gomez-zamalloa, and g. puebla. pet: a partial´ evaluation-based test case generation tool ...

obfuscation by partial evaluation of distorted interpreters - obfuscation by partial evaluation of distorted ... partial evaluation, program transformation, ... lenge for the development of automatic program analysis and ...

a veri?ed staged interpreter is a veri?ed compiler - ... partial evaluation, ... by allowing automatic program generation to ... in order to allow automatic veri?cation of required program properties for domain ...

dat v programmeringssprog (3): programs as data objects - 3.3.5 compiler generation from interpreters ... partial evaluation and automatic compiler ... evaluation, which is a form of program ...

a bibliography on partial evaluation - a program that performs partial evaluation is ... an interesting special application of split is the automatic generation ... automatic partial ...

a monadic approach for avoiding code duplication when ... - a monadic approach for avoiding code duplication when staging memoized ... partial evaluation, program generation 1. ... in the partial evaluation literature is to ...

practical automatic loop specialization - princeton university - practical automatic loop specialization ... program specialization optimizes a program with respect to pro- ... partial evaluation, ...

static analysis for program generation templates - unige - static analysis for program generation ... reliable cost-effective software via automatic program generation ... because rest is a partial ...

a critical review of 'automatic patch generation learned ... - a critical review of "automatic patch generation ... statement and the evaluation of automatic ... error recovery; automatic patch generation; automatic program ...

automatic patch-based exploit generation is possible ... - automatic patch-based exploit generation is possible: ... the automatic patch-based exploit generation prob- ... in automatic test case generation.

automatic inference of upper bounds for recurrence ... - automatic inference of upper bounds for recurrence relations in cost analysis ... ranking functions and loop invariants and on partial evaluation.

automatic generation of provably correct parallelizing ... - automatic generation of provably correct parallelizing compilers ... extended semantics through partial evaluation. ... program to parallel code is done in parallel ...

glossary for partial evaluation and related topics - au - glossary for partial evaluation and

related ... of partial evaluation and program ... the annotations can be supplied manually or created by automatic

program analysis and specialization for the c programming ... - program analysis and specialization for the c programming language ... partial evaluation is a program specialization technique that ... an automatic speedup ...

adv. course in programming languages - ???? - adv. course in programming languages ... ways of program generation: fully automatic; ... theorem (in partial evaluation): ...

optimizing data structures in high-level programs - optimizing data structures in high-level programs ... ing or partial evaluation systems can be used to ... staging is known to simplify program generation, ...

automatic test case generation for uml activity diagrams - automatic test case generation for uml activity diagrams ... test evaluation. ... resentative by adopting the same strategy of partial order

automatic generation of staged geometric predicates - automatic generation of staged geometric predicates ... experimental software systems program within ... such as staging and partial evaluation to speed up ...

in search of a program generator to implement generic ... - generic transformations for high-performance computing ... it has been mostly interested in partial evaluation, ... that may occur during program generation: ...

specializing visualization algorithms - extras.springer - program specialization ... partial evaluation: ... ˜!?+(66i,?partial evaluation and automatic program generation?! 5 ...

general pro?le education and experience - imagine - i formalised important issues and techniques of partial evaluation (a.k.a. program ... i studied partial evaluation ... application to compiler generation [47 ...

a small latex example ulrik p. schultz - ... it also relies on automatic generation of ... selective argument specialization provides a useful indication of how partial evaluation could ... program (the ...

transformers: a c++ program transformation framework - ... a c++ program transformation framework ... automatic program transformations can be used as ... such as partial evaluation, ...

dynamic optimization through the use of automatic runtime ... - dynamic optimization through the use of automatic runtime specialization by ... dynamic optimization through the use of automatic ... 2.1 partial evaluation ...

towards certi?cate generation for linear heap consumption - towards certi?cate generation for linear heap consumption ... of data values made automatic ... the program logic with respect this (partial) ...

compiler construction - sourceforge - partial evaluation 314 ... • compiler or program optimization • code generation ... • compiler construction at the university of new england [4]
