Third IEEE International Conference On Data Mining

Author :IEEE Computer Society Technical Committee on Computational Intelligence IEEE Computer Society Technical Committee on Pattern Analysis and Machine Intelligence / **Category :**Computers / **Total Pages** : 757 pages

Download Third IEEE International Conference On Data Mining PDF

Summary : Free third ieee international conference on data mining pdf download - icdm 03 brings together researchers and practitioners who describe their original research results and practical development experiences in data mining technology the papers explore subjects in many related data-mining areas such as machine learning automated scientific discovery statistics pattern recognition knowledge acquisition soft computing databases data warehousing data visualization and knowledge-based systems data mining is an emerging and highly interdisciplinary field the icdm 03 proceedings cover a broad and diverse range of topics related to data-mining theory systems and applications
